Louisiana Legislative Auditor  
Mr. Michael Waguespack, CPA  
P.O. Box 94397  
Baton Rouge, LA 70804

Dear Mr. Waguespack:

We audited the schedule of employer allocations of the Louisiana State Employees' Retirement System – GASB 68 Schedules as of and for the year ended June 30, 2021, which was submitted to your office on December 21, 2021.

After issuing the audit and submitting it to your office, we noted a mathematical error in the Total Deferred Inflows in the Schedule of Pension Amounts by Employer on page 26. This number was stated at \$0 but should have been (\$1,283,547,891). Attached is a corrected report with the amount corrected on page 26. This change did not affect our opinion.

Sincerely,

*Postlethwaite & Netterville*

**INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF EMPLOYER  
ALLOCATIONS AND THE SPECIFIED COLUMN TOTALS INCLUDED IN  
THE SCHEDULE OF PENSION AMOUNTS BY EMPLOYER**

To the Board of Trustees  
Louisiana State Employees' Retirement System  
Baton Rouge, Louisiana

We have audited the accompanying schedule of employer allocations of the Louisiana State Employees' Retirement System (the System) as of and for the year ended June 30, 2021, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (specified column totals) included in the accompanying schedule of pension amounts by employer of the System as of and for the year ended June 30, 2021 and the related notes to the schedules.

**Management's Responsibility for the Schedules**

Management is responsible for the preparation and fair presentation of the schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of schedules that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express opinions on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the employer schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Postlethwaite & Netterville

## Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and the net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the total of all participating entities of the System, as of and for the year ended June 30, 2021 in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of Matters

As disclosed in Note F to the employer schedules, the total pension liability for the System was \$20,220,320,534 as of June 30, 2021. The actuarial valuations were based on various assumptions made by the System's actuary. Because actual experience may differ from the assumptions used in the actuarial valuations, there is a risk that the total pension liability at June 30, 2021 could be materially different from the estimate. Our opinions are not modified with respect to this matter.

As disclosed in Note I to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, the deferred inflow or deferred outflow of resources resulting from differences in contributions remitted to the System and the employer's proportionate share and its resulting amortization is not reported in the employer pension schedules. As a result, the employer pension schedules do not reflect all activity to be reported in the total deferred outflows of resources and total deferred inflows of resources. Our opinions are not modified with respect to this matter.

As disclosed in Note I to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, the deferred inflow or deferred outflow of resources resulting from changes in the employer's proportionate share of the net pension liability since the prior measurement date and its resulting amortization is not reported in the employer pension schedules. As a result, the employer pension schedules do not reflect all activity to be reported in the total deferred outflows of resources and total deferred inflows of resources. Our opinions are not modified with respect to this matter.

This report is being issued subsequent to and in replacement of a previous report on the System dated November 29, 2021. After issuance of our original report, we noted a mathematical error in the Total Deferred Inflows in the Schedule of Pension Amounts by Employer on page 26. This number was stated at \$0 but should have been (\$1,283,547,891). Our opinion is not modified with respect to this matter.

## Other Matters

### *Financial Statement Audit*

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the System as of and for the year ended June 30, 2021, and our report thereon, dated September 20, 2021, expressed an unmodified opinion on those financial statements.

Postlethwaite & Netterville

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer of the System (employer schedules). The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not part of the employer schedules. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer. The information has been subjected to the auditing procedures applied in the audit of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer or to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer taken as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2021 and July 27, 2022 with respect to the Schedule of Pension Amounts by Employer, on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance.

### **Restriction on Use**

Our report is intended solely for the information and use of the System's management, the Board of Trustees, the System's participating employers and their auditors, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF THE SCHEDULE OF EMPLOYER ALLOCATIONS  
AND THE SPECIFIED COLUMN TOTALS INCLUDED IN THE SCHEDULE OF  
PENSION AMOUNTS BY EMPLOYER PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Trustees  
Louisiana State Employees' Retirement System  
Baton Rouge, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer of the Louisiana State Employees' Retirement System (the System), as of June 30, 2021, and the related notes to the schedules and have issued our report thereon dated November 29, 2021 and July 27, 2022 with respect to the Schedule of Pension Amounts by Employer.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, we considered the System's internal control over financial reporting as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, we do not express an opinion on the effectiveness of the System's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's schedules will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Postlethwaite & Netterville

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the System's schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the amounts of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Notes to Schedules

The Louisiana State Employees' Retirement System (LASERS or the System) is the administrator of a cost-sharing multiple-employer defined benefit pension plan established by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) to provide retirement allowances and other benefits to eligible state officers, employees, and their beneficiaries.

## A. Summary of Significant Accounting Policies

The System prepares its employer pension schedules in accordance with the Governmental Accounting Statement No. 68 – *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. GASB Statement No. 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenses/expenditures. It also provides methods to calculate participating employers' proportionate share of net pension liability, deferred inflows, deferred outflows, pension expense and amortization periods for deferred inflows and deferred outflows. GASB Statement No. 67 – *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25* provides methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value and attribute that present value to periods of employee service.

### 1. Basis of Accounting

The System's employer pension schedules were prepared using the accrual basis of accounting. Members' earnable compensation, for which the employer allocations are based, is calculated using the methodology described at Note D. The member's earnable compensation is attributed to the employer for which the member is employed as of June 30, 2021.

### 2. System Employees

The System is not allocated a proportionate share of the net pension liability related to its employees. The net pension liability attributed to the System's employees is allocated to the remaining employers based on their respective employer allocation percentage.

### 3. Plan Fiduciary Net Position

The fiduciary net position is a significant component of the System's collective net pension liability. The System's fiduciary net position was determined using the accrual basis of accounting. The System's assets, liabilities, revenues, and expenses were recorded with the use of estimates and assumptions in conformity with accounting principles generally accepted in the United States of America. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements and estimates over the determination of the fair market value of the System's investments. Accordingly, actual results may differ from estimated amounts.

## B. Plan Description

The System was established for the purpose of providing retirement allowances and other benefits as stated under the provisions of La. R.S. 11:401, as amended, for eligible state officers, employees, and their beneficiaries. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in

accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

## **1. Retirement Benefits**

The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Our rank-and-file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service, at age 55 upon completing 25 years of creditable service, and at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015, may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members.

Regular members and judges under the new plan are eligible to retire at age 62 after five years of creditable service and may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

Members of the Harbor Police Retirement System who were members prior to July 1, 2014, may retire after 25 years of creditable service at any age, 12 years of creditable service at age 55, 20 years of creditable service at age 45, and 10 years of creditable service at age 60. Average compensation for the plan is the member's average annual earned compensation for the highest 36 consecutive months of employment with a 3.33% accrual rate.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

## **2. Deferred Benefits**

The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

For members who are in the Harbor Police Plan, the annual DROP Interest Rate is the three-year average (calculated as the compound average of 36 months) investment return of the plan assets for the period ending the June 30th immediately preceding that given date. The average rate so determined is to be reduced by a "contingency" adjustment of 0.5%, but not to below zero. DROP interest is forfeited if the member does not cease employment after DROP participation.

### **3. Disability Benefits**

Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age.

Upon reaching retirement age, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation or 100% of final average compensation if the injury was the result of an intentional act of violence.

Members of the Harbor Police Retirement System who become disabled may receive a non-line of duty disability benefit after five years or more of credited service. Members age 55 or older may receive a disability benefit equivalent to the regular retirement benefit. Under age 55, the disability benefit is equal to 40% of final average compensation. Line of duty disability benefits are equal to 60% of final average compensation, regardless of years of credited service or 100% of final average compensation if the injury was the result of an intentional act of violence. If the disability benefit retiree is permanently confined to a wheelchair, or is an amputee incapable of serving as a law enforcement officer, or is permanently and legally blind, there is no reduction to the benefit if the retiree becomes gainfully employed.

### **4. Survivor's Benefits**

Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased regular member hired before January 1, 2011, who was in state service at the time of death, must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit, regardless of when earned, in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and in active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year before death.

A Hazardous Duty Services Plan member's surviving spouse and minor or handicapped or mentally incapacitated child or children are entitled to survivor benefits of 80% of the member's final average compensation if the member was killed in the line of duty. If the member dies in the line of duty as a result of an intentional act of violence, survivor benefits may be increased to 100% of the member's final average compensation.

Non-line of duty survivor benefits of the Harbor Police Retirement System may be received after a minimum of five years of credited service. Survivor benefits paid to a surviving spouse without children are equal to 40% of final average compensation and cease upon remarriage. Surviving spouse with children under 18 benefits are equal to 60% of final average compensation and cease

upon remarriage, or children turning 18. No minimum service credit is required for line of duty survivor benefits which are equal to 60% of final average compensation to surviving spouse, or 100% of final average compensation if the injury was the result of an intentional act of violence regardless of children. Line of duty survivor benefits cease upon remarriage and then benefit is paid to children under 18.

## 5. Permanent Benefit Increases/Cost-of-Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs), that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

## C. Employer Contributions

The employer contribution rate is established annually under La. R.S. 11:101-11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of the System's Actuary. Each plan pays a separate actuarially-determined employer contribution rate. However, all assets of LASERS are used for the payment of benefits for all classes of members, regardless of their plan membership. Rates for the year ended June 30, 2021 are as follows:

Plan	Plan Status	Employer Rate
Appellate Law Clerks	Closed	40.10%
Appellate Law Clerks hired on or after 7/1/06	Closed	40.10%
Alcohol Tobacco Control	Closed	38.10%
Bridge Police	Closed	38.50%

## **D. Schedule of Employer Allocations**

The schedule of employer allocations reports the required projected employer contributions in addition to the employer allocation percentage. The required projected employer contributions are the basis used to determine the proportionate relationship of each employer to all employers of Louisiana State Employees' Retirement System. The employer's proportion was determined on a basis that is consistent with the manner in which contributions to the pension plan are determined. The allocation percentages were used in calculating each employer's proportionate share of the pension amounts.

The allocation method used in determining each employer's proportion was based on the employer's projected contribution effort to the plan for 2022 as compared to the total of all employers' projected contribution effort to the plan for 2022.

The employers' projected contribution effort was calculated by multiplying the eligible base compensation of active members in the System on June 30, 2021, by 2022 employers' actuarially required contribution rates. Generally, eligible base compensation was based on the reported base salary from each employer's July contribution report multiplied by twelve. For active members who did not have a July 2021 contribution report or where the July base salary was greater than 115% of the prior fiscal year's annualized earnings, the annualized earnings for the prior fiscal year were used. Annualized earnings are derived using the total earnings for the prior fiscal year and dividing by the portion of the year for which the member was employed by the employer. The portion of the year employed is determined by dividing the actual days employed in the fiscal year by the days in the fiscal year. The projected employer rates for the year ended June 30, 2022 for the various plans follow:

Plan	Rate
Appellate Law Clerks	39.50%
Appellate Law Clerks hired on or after 7/01/06	39.50%
Alcohol Tobacco Control	42.60%
Bridge Police	38.60%
Bridge Police hired on or after 7/01/06	38.60%
Corrections Primary	39.00%
Corrections Secondary	43.30%
Harbor Police	14.30%
Hazardous Duty	45.30%
Judges hired before 1/01/11	43.70%
Judges hired after 12/31/10	43.00%
Judges hired on or after 7/01/15	43.00%
Legislators	35.80%
Optional Retirement Plan (ORP) before 7/01/06*	37.60%
Optional Retirement Plan (ORP) on or afer 7/01/06*	37.60%
Peace Officers	41.40%
Regular Employees hired before 7/01/06	39.50%
Regular Employees hired on or after 7/01/06	39.50%
Regular Employees hired on or after 1/01/11	39.50%
Regular Employees hired on or after 7/01/15	39.50%
Special Legislative Employees	37.80%
Wildlife Agents	51.20%
<b>Aggregate Rate</b>	<b>40.20%</b>

\*For ORP the projected employer contribution effort was calculated using the shared UAL portion of the contribution rate of 37.6% for 2022.

## E. Schedule of Pension Amounts by Employer

The schedule of pension amounts by employer displays each employer's allocation of the net pension liability. The schedule of pension amounts by employer was prepared using the allocations included in the schedule of employer allocations.

## F. Actuarial Methods and Assumptions

The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

The components of the net pension liability of the System's employers as of June 30, 2021 are as follows:

	<b>2021</b>
Total Pension Liability	\$ 20,220,320,534
Plan Fiduciary Net Position	<u>14,716,344,767</u>
Employers' Net Pension Liability	\$ 5,503,975,767
Plan Fiduciary Net Position as a Percentage of Total Pension Liability	72.8%

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2021 are as follows:

<b>Valuation Date</b>	June 30, 2021
<b>Actuarial Cost Method</b>	Entry Age Normal
<b>Actuarial Assumptions:</b>	
<b>Expected Remaining Service Lives</b>	2 years
<b>Investment Rate of Return</b>	7.40% per annum, net of investment expenses*
<b>Inflation Rate</b>	2.3% per annum
<b>Mortality</b>	<b>Non-disabled members</b> - The RP-2014 Blue Collar (males/females) and White Collar (females) Healthy Annuitant Tables projected on a fully generational basis by Mortality Improvement Scale MP-2018.  <b>Disabled members</b> – Mortality rates based on the RP-2000 Disabled Retiree Mortality Table, with no projection for mortality improvement.
<b>Termination, Disability, and Retirement</b>	Termination, disability, and retirement assumptions were projected based on a five-year (2014-2018) experience study of the System's members.
<b>Salary Increases</b>	Salary increases were projected based on a 2014-2018 experience study of the System's members. The salary increase ranges for specific types of members are:

<b>Member Type</b>	<b>Lower Range</b>	<b>Upper Range</b>
Regular	3.0%	12.8%
Judges	2.6%	5.1%
Corrections	3.6%	13.8%
Hazardous Duty	3.6%	13.8%
Wildlife	3.6%	13.8%

### **Cost of Living Adjustments**

The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

\* The investment rate of return used in the actuarial valuation for funding purposes was 7.75%, recognizing an additional 35 basis points for gain-sharing. The net return available to fund regular plan benefits is 7.40%, which is the same as the discount rate. Therefore, the System's management concludes that the 7.40% discount is reasonable.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.3% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term nominal rate of return is 7.61% for 2021. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2021 are summarized in the following table:

### **Expected Long Term Real Rates of Return**

<b>Asset Class</b>	<b>2021</b>
Cash	-0.29%
Domestic Equity	4.09%
International Equity	5.12%
Domestic Fixed Income	0.49%
International Fixed Income	3.94%
Alternative Investments	6.93%
<b>Total Fund</b>	<b>5.81%</b>

The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC, taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## G. Sensitivity to Changes in Discount Rate

The following presents the net pension liability of the participating employers calculated using the discount rate of 7.40%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate.

### Changes in Discount Rate

	Current	1% Decrease	Discount Rate	1% Increase
		(6.40%)	(7.40%)	(8.40%)
<b>2021 Employer Net Pension Liability</b>	<b>\$ 7,457,471,407</b>	<b>\$ 5,503,975,767</b>	<b>\$ 3,841,797,070</b>	

## H. Change in Net Pension Liability

The changes in the net pension liability for the year ended June 30, 2021 were recognized as pension expense or benefit in the current reporting period except as follows:

### 1. Differences between Expected and Actual Experience

Differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. The difference between expected and actual experience resulted in a deferred outflow of resources as of June 30, 2021, as follows:

June 30, 2021				
Pension				
Deferred	Deferred	Expense	Deferred	Deferred
Outflows	Inflows	(Benefit)	Outflows	Inflows
2021	\$ 10,871,434	\$ -	\$ 5,435,717	\$ 5,435,717
2020	-	79,428,457	(79,428,457)	-
		Totals	<u>\$ 5,435,717</u>	<u>\$ -</u>

### 2. Differences between Projected and Actual Investment Earnings

Differences between projected and actual investment earnings on pension plan investments were recognized in pension expense using the straight-line amortization method over a closed five-year period. The difference between projected and actual investment earnings resulted in a net deferred inflow of resources as of June 30, 2021 as follows:

June 30, 2021

		Pension Expense (Benefit)	Deferred Outflows	Deferred Inflows	Net Deferred Inflows Balance
	Deferred Outflows	Deferred Inflows			
2021	\$ -	\$ 2,857,016,172	\$ (571,403,234)	\$ -	\$ (2,285,612,938)
2020	1,119,171,674	-	279,792,918	839,378,756	-
2019	281,468,967	-	93,822,989	187,645,978	-
2018	-	49,919,372	(24,959,685)	-	(24,959,687)
2017	-	141,708,117	(141,708,117)	-	-
			Totals	\$ 1,027,024,734	\$ (2,310,572,625)
					\$ (1,283,547,891)

### 3. Changes in Actuarial Assumptions

Changes in actuarial assumptions related to inflation and salary factors in the measurement of the total pension liability were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. Changes in actuarial assumptions resulted in a deferred outflow of resources as of June 30, 2021, as follows:

		Pension	June 30, 2021	
	Deferred Outflows	Expense (Benefit)	Deferred Outflows	Deferred Inflows
	Deferred Outflows	Deferred Inflows		
2021	\$ 269,629,371	\$ -	\$ 134,814,686	\$ 134,814,685
2020	26,463,500	-	26,463,500	-
			Totals	\$ 134,814,685
				\$ -

## I. Contributions – Proportionate Share/Change in Proportionate Share

Differences between contributions remitted to the System and the employer's proportionate share are recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with a pension through the pension plan. The resulting deferred inflow/outflow and amortization is not reflected in the Schedule of Pension Amounts by Employer due to differences that could arise between contributions reported by the System and contributions reported by the participating employer.

Changes in the employer's proportionate share of the collective net pension liability and collective deferred outflows of resources and deferred inflows of resources since the prior measurement date are recognized in employers' pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan. The resulting deferred inflow/outflow and amortization is not reflected in the Schedule of Pension Amounts by Employer.

## **J. Estimates**

The process of preparing the schedule of employer allocations and schedule of pension amounts by employer in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, expenses, and employer allocations. Accordingly, actual results may differ from estimated amounts.

## **K. Retirement System Audit Reports**

The Louisiana State Employees' Retirement System has issued stand-alone audit reports on their financial statements for the years ended June 30, 2021 and 2020. Access to the reports can be found on the Louisiana Legislative Auditor's website, [www.lla.la.gov](http://www.lla.la.gov) and the System's website, <http://www.lasersonline.org/site.php>.
